

MOHAMMED IQBAL GHAFFAR

Product Lead | AI-Driven Platforms & Arabic Merchant Solutions (Deputy Administrative & Digital Solutions Lead)

📍 Sulaimaniyah, Iraq (Open to Relocation to Saudi Arabia / GCC) 📞 (+964) 7503424545 ✉️ moham.iqbal99@gmail.com
🌐 linkedin.com/in/mokurdy 📁 github.com/mohamediqbalghaffar (Product Showcase)

Targeted Summary: Hands-on **Product Lead** and digital innovator specializing in **AI-driven platforms, Arabic-first merchant workflows, and rapid delivery**. Proven track record owning the end-to-end product lifecycle from **merchant discovery to adoption**—defining **product visions, roadmaps, feature specifications (PRDs), and acceptance criteria** that slashed workflow turnaround by **over 50%**. Highly proficient in **hands-on AI prototyping** (Google Antigravity, Firebase Studio, LLM prompt engineering) to accelerate research synthesis, build functional web/Android prototypes, and evaluate merchant-facing SaaS and ERP solutions (Odoo). Trilingual communicator (fluent Arabic, English, Kurdish) experienced in regional Saudi/GCC localization and partnering closely with Engineering to ship high-impact products with clear prioritization tradeoffs.

<> CORE COMPETENCIES

- Product Leadership & Strategy**
Product Vision & Roadmaps, Feature Definition (PRDs), Acceptance Criteria, Discovery to Adoption, Prioritization & Tradeoffs, Merchant Enablement, Cross-Functional Engineering Alignment.
- Hands-on AI & Rapid Prototyping**

Arabic Prof. Working (KSA Align.)	English Fluent (TESL Degree)
Kurdish Native (Hawrami/Sorani)	Turkish Professional / Conv.

📁 PROFESSIONAL EXPERIENCE

Product Lead / Deputy Admin Manager (AI & Digital) Nov 2024 – Present
HTS-HQ (Halabja Telecom Services & Renewable Energy – Halabja Group of Companies) | Sulaimaniyah / Halabja, Iraq

- **Product Vision & Roadmap Ownership:** Spearheaded product direction, roadmapping, and feature definition for internal SaaS and operational platforms, slashing request turnaround and processing cycles by **over 50%**.
- **Hands-on AI Prototyping:** Leveraged agentic AI (**Google Antigravity**, Firebase Studio, prompt engineering) to accelerate research synthesis, author specifications, and ship functional web and Android apps (APKs) for leave approvals, asset management, and workflow dispatch.
- **Discovery to Merchant/User Adoption:** Partnered closely with Engineering and operational teams to move user pain points from discovery to **100% adoption** across 5+ business units with strict acceptance criteria.
- **Enterprise ERP Administration:** Administered enterprise **Odoo ERP** operational modules, overseeing continuous workflow optimization, data architecture accuracy, and multi-departmental audit compliance.
- **Measurement & Executive Analytics:** Engineered dynamic HTML analytics dashboards and complex quantitative Excel models to measure adoption metrics, track leadership KPIs, and inform data-driven prioritization with clear operational tradeoffs.

Commerce Operations & Inventory Specialist Nov 2021 – Oct 2024
Bed Art Group (Retail & Multi-Channel Commerce) | Sulaimaniyah, Iraq

- **Merchant & Commerce Discovery:** Discovered merchant and retail friction points across multi-channel points of sale (POS) and central warehouse inventory, translating customer and supplier bottlenecks into structured workflow specifications.
- **Feature Specification & Data Integrity:** Defined standardized data validation protocols and inventory reconciliation routines, eliminating entry discrepancies and cutting monthly accounting closing cycles by **35%**.
- **Cross-Functional Workflow Delivery:** Collaborated with cross-functional supply chain, sales, and finance teams to streamline multi-channel order tracking, inventory auditing, and merchant database management.

User Discovery & Field Research Lead (Enumerator) May 2024 – Oct 2024
Islamic Relief Worldwide | Halabja, Iraq

- **User Discovery & Needs Analysis:** Executed structured field discovery and demographic data gathering across 1,000+ community beneficiaries, translating qualitative interviews into structured data specifications and actionable insights.
- **Measurement & Quality Compliance:** Enforced quantitative measurement and data verification protocols, achieving **100% data integrity** adhering to international NGO standards and strict compliance guidelines.

Arabic Localization Specialist & Trilingual Liaison Feb 2018 – Oct 2021
Halabja Glory Organization (NGO) | Halabja, Iraq

- **Arabic-First Localization:** Directed trilingual localization (Arabic, English, Kurdish [Hawrami], Turkish) across official legal, administrative, and stakeholder document suites, ensuring regional cultural nuance and terminology accuracy.
- **Stakeholder Alignment & Interpretation:** Facilitated consecutive interpretation and cross-functional alignment during high-stakes donor conferences, NGO partner negotiations, and community leadership assemblies.
